THE STAR-SPANGLED BANNER

O! say, can you see by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming,
Whose broad stripes and bright stars through the perilous fight,
O'er the ramparts we watched, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there;
O! say, does that Star-Spangled Banner yet wave,
O'er the land of the free, and the home of the brave?

HAIL TO OLD I.U.

Come and join in song together,
Shout with might and main;
Our beloved Alma Mater,
Sound her praise again.

Chorus

Gloriana, Frangipana,
E'er to her be true;
She's the pride of Indiana,
Hail to old I.U.!

—*Joe T. Giles, Class of 1894*

PURDUE HYMN

Close by the Wabash,
In famed Hoosier land,
Stands old Purdue,
Serene and grand.
Cherished in memory,
By all her sons and daughters true,
Fair alma mater,
All hail Purdue.

Chorus

Fairest in all the land,
Our own Purdue.
Fairest in all the land,
Our own Purdue.

—*Alfred B. Kirchoff, 1941*

COMMENCEMENT TRADITIONS

Today we celebrate the fifty-fifth Commencement exercises of IUPUI, representing the culmination and proud recognition of our graduates' academic achievements. The ceremony is rich in academic tradition and protocol, and includes Commencement addresses by university leaders, remarks by other speakers, and the conferral of degrees.

ACADEMIC ATTIRE

All candidates for degrees and those who hold these degrees, including university officials, faculty, and visiting dignitaries, are attired in traditional caps and gowns.

Caps

Most candidates for degrees wear square caps (called mortarboards) adorned with tassels that reflect the schools from which they are graduating. These tassel colors, which are largely standard across the United States, are:

Art and Design—Brown
Business—Drab
Dentistry—Lilac
Education—Light Blue
Engineering—Orange
Health and Human
Sciences—Sage Green
Informatics, Computing, and
Engineering—Copper
Law—Royal Purple
Liberal Arts—White
Medicine—Kelly Green
Nursing—Apricot
Philanthropy—Nile Green
Public and Environmental
Affairs—Peacock Blue
Public Health—Salmon
Science—Golden Yellow
Social Work—Citron
Technology—Red
Graduate School—Dark Blue

Doctoral candidates may wear either a mortarboard or a velvet tam, adorned with a tassel reflecting the school from which they are graduating.

Gowns

The gowns for bachelor's and associate degree recipients have a closed front and open sleeves. The master's gown has extremely long, closed sleeves, from which the arms extend through a slit at the wrist; the end of the sleeve is square, with an arc cut away just above the bottom. The doctoral gown has velvet panels down the front and voluminous bell-shaped sleeves, on which there are three velveteen bars. The velveteen is usually black, but may also reflect the color of the discipline.

Hoods

Master's and doctoral degree candidates also wear hoods, which are not actually head coverings but stoles, edged in velvet and lined in satin, that flow down the wearer's back. The color of the velvet edging reflects the academic discipline; the satin lining reflects the institution granting the degree. Thus, Indiana University hoods are lined in cream and crimson, and Purdue University hoods in black and gold.

The edging colors most frequently seen are dark blue for philosophy, green for medicine, purple for law, and lilac for dentistry. The colors of honorary doctoral degrees include royal purple for law, white for letters, golden yellow for science, pink for music, and red for technology.

Honor Cords

Both Indiana University and Purdue University bachelor's degree candidates who have achieved excellence in scholarship are entitled to wear honor cords (fourragères) on the left shoulder.

At Indiana University, the cords are cream and crimson, with combined cream and crimson representing highest distinction, cream representing high distinction, and crimson representing distinction. These awards are made by vote of the various faculties; the cords are provided by the university.

At Purdue University, black and gold cords represent highest distinction, and gold indicates distinction.

Candidates for associate degrees at both institutions wear their cords draped around their necks.

These honors are indicated in this program after the students' names.

Honor Cords for Veterans and Service Members

Graduating students who have served or are currently serving in the U.S. Armed Forces wear red, white, and blue cords.

Honor Cords for Honor Societies

Graduates who are members of nearly 60 nationally recognized honor societies may wear their societies' honor cords or medallions during Commencement.

THE HISTORY OF ACADEMIC ATTIRE

Academic costume has a history of nearly eight centuries. In medieval Europe, many townspeople wore long robes and gowns. The materials and colors varied according to the wealth and rank of the individual and were governed by royal decree. Gradually, there developed distinctive gowns for the various professions, trades, and guilds.

Students in the medieval universities of Paris, Bologna, Oxford, and Cambridge organized themselves into guilds. Their usual garb, a long gown, was necessary for warmth in the unheated buildings. Scholars, who were generally members of church orders, wore these robes and also hoods to protect their shaved heads. Later, skullcaps were worn on the head, and the hood became a cape that could be pulled over the head in unpleasant weather. As additional universities were founded, distinctive forms of the gown and hood were adapted by their faculties for bachelors (apprentices of arts), masters (teachers), and doctors (teachers who had completed

postgraduate studies). The variations appeared mostly in the hood and were regulated by strict rules. Tailors who departed from the authorized design could be punished. When caps and hats came into fashion in the fifteenth century, the hoods became ornamental, draped over the shoulders and down the back.

The academic hat was adapted from the headdress of the ordinary people. It was first worn as a symbol of the master's degree and existed in various forms. Some caps were stiff, some soft, some square, some round with a tuft in the center. The tassel of today is an elaboration of the tuft. The mortarboard style comes to us from Oxford.

When academic costume came to America in 1754, styles were quite varied. In Europe, they still are, but in the United States, standardized rules for academic regalia were enacted in 1895 with the passage of the Intercollegiate Code (updated in 1932 and 1959). The code, created by an intercollegiate commission, prescribed the cut and style and materials of the gowns, as well as determined the colors that were to represent the different fields of learning.

GRADUATE STUDENT COMMENCEMENT SPEAKER

KIDIST IBRIE YASIN

Kidist Yasin, known to many as Kidy, is earning her Doctor of Philosophy degree today from the Lilly Family School of Philanthropy/Indiana University Graduate School Indianapolis. She earned her bachelor's degree in economics from Dire Dawa University in Ethiopia, where she was awarded as the top female student upon graduation. This accolade earned her a competitive scholarship to pursue a master's in economic policy analysis at Addis Ababa University, one of Ethiopia's premier institutions.

Following her master's, she embarked on her academic career as a lecturer at Adama Science and Technology University in Ethiopia. Furthering her education in Belgium, she won a Flemish Interuniversity Council–University Development Cooperation (VLIRUOS) scholarship to obtain an advanced master's degree in development and globalization from the University of Antwerp. In 2018,

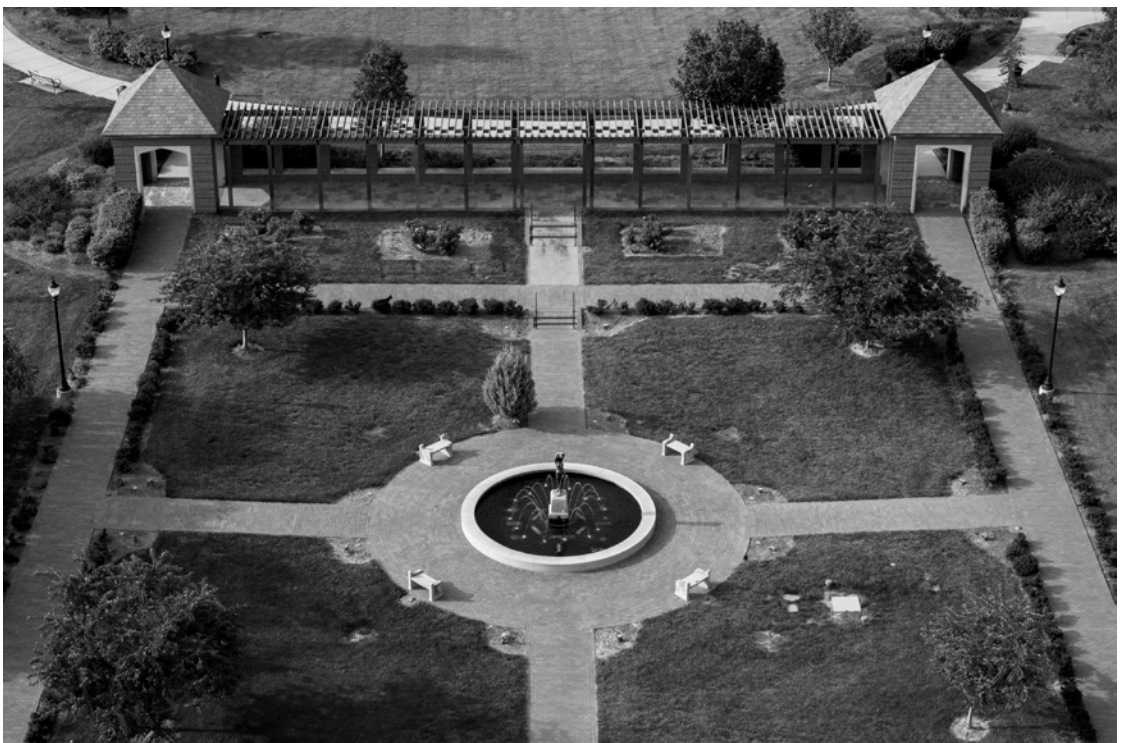

she joined the Ph.D. program at the Lilly Family School of Philanthropy, where she focused on the diverse practices and motivations behind prosocial behavior. Her research investigates the influence of demographics, socioeconomic, culture, religion, and political and legal frameworks on giving behavior.

In the Lilly Family School, she has served as a co-instructor for master's-level courses and as a graduate research assistant on various research projects. Her

doctoral dissertation, co-chaired by Professors Pamala Wiepking and Kathi Badertscher, explores formal and informal giving behaviors and their motivations, analyzing diverse groups ranging from Ethiopians living in Addis Ababa and Indianapolis to billionaires throughout the world who signed the Giving Pledge.

She has also showcased her research at multiple academic conferences, both in the United States and internationally. Notably, in 2019, she participated in a Ph.D. research seminar and conference organized by the International Society for Third Sector Research (ISTR) and the Africa Centre for Philanthropy and Social Investment at Wits Business School in Johannesburg, South Africa, where she won a three-minute thesis competition.

In recognition of her dedication and academic excellence, she was honored as an Indiana University President's Diversity Dissertation Year Fellow for the 2022–23 academic year.

UNDERGRADUATE STUDENT COMMENCEMENT SPEAKER

FAITH ZINDOZIN ODIETE

Faith Odiete is graduating today with high distinction from the O'Neill School of Public and Environmental Affairs, earning a Bachelor of Science with a major in criminal justice and a minor in leadership and military science. She has been on the dean's list every semester since she started at IUPUI, completing her bachelor's degree in only two years. She is a 2024 Top 100 student, and she is also 2024's most outstanding student in the Bachelor of Science in Criminal Justice and Public Safety Program. She is continuing in the O'Neill School's master's program in public affairs, with graduation planned for May of 2025.

Her interest in law enforcement and military service began when she was a child in Nigeria, where her late father served in the Nigerian Police Force and lost his life in the line of duty. After coming to

the United States in 2017, she joined the U.S. Army in 2020 and obtained training and experience in heavy construction equipment repair. During part of that time, she simultaneously worked as a certified pharmacy technician. She will earn her officer's commission tomorrow, May 10, in the U.S. Army as a second lieutenant, with a specialty in military intelligence.

A Chancellor's Scholar in IUPUI's Honors College, a Bonner Leader Scholar, a Norman Brown Diversity and Leadership Scholar, and an Indy Achieves Scholar, she has served as a cadet in the IUPUI Police Department, an ROTC Capital Warrior Battalion Company Commander, a member of the university deans' advisory board, an IU Student Success Corps mentor in the Office of Community Engagement, and a student support associate at Campus Career and Advising Services. She has volunteered at DREAM Alive, a local nonprofit mentoring organization for students in seventh through twelfth grades who live in at-risk communities, and at Brooke's Place for Grieving Young People, which supports children and families going through the grieving process.

In 2023, she was the first Nigerian to be selected as one of 33 princesses in the 500 Festival Princess Program.

GRADUATE AND UNDERGRADUATE DEGREE RECIPIENTS

This Commencement program should be regarded as a preliminary document, pending confirmation of all degrees. It includes graduates whose degrees were conferred and honors awarded from September through December 2023, and candidates for degrees and honors from January through August 2024. Degrees and honors will be conferred after the completion of all requirements is verified.

Students who receive their degrees through the IUPUI Honors College are indicated with an asterisk (*) to the right of their names. The criteria for this distinction are 24 credit hours in Honors work with at least a 3.3 grade point average and a minimum overall grade point average of 3.3.
