## ***THE STAR-SPANGLED BANNER***

O! say, can you see by the dawn's early light,  
What so proudly we hailed at the twilight's last gleaming,  
Whose broad stripes and bright stars through the perilous fight,  
O'er the ramparts we watched, were so gallantly streaming?  
And the rockets' red glare, the bombs bursting in air,  
Gave proof through the night that our flag was still there;  
O! say, does that Star-Spangled Banner yet wave,  
O'er the land of the free, and the home of the brave?

## ***HAIL TO OLD I.U.***

Come and join in song together,  
Shout with might and main;  
Our beloved Alma Mater,  
Sound her praise again.

### ***Chorus***

Gloriana, Frangipana,  
E'er to her be true;  
She's the pride of Indiana,  
Hail to old I.U.!

—*Joe T. Giles, Class of 1894*

## ***PURDUE HYMN***

Close by the Wabash,  
In famed Hoosier land,  
Stands old Purdue,  
Serene and grand.  
Cherished in memory,  
By all her sons and daughters true,  
Fair alma mater,  
All hail Purdue.

### ***Chorus***

Fairest in all the land,  
Our own Purdue.  
Fairest in all the land,  
Our own Purdue.

—*Alfred B. Kirchoff, 1941*

# COMMENCEMENT TRADITIONS

Today we celebrate the fifty-fourth Commencement exercises of IUPUI, representing the culmination and proud recognition of our graduates' academic achievements. The ceremony is rich in academic tradition and protocol, and includes Commencement addresses by university leaders, remarks by other speakers, and the conferral of degrees.

## ACADEMIC ATTIRE

All candidates for degrees and those who hold these degrees, including university officials, faculty, and visiting dignitaries, are attired in traditional caps and gowns.

### Caps

Most candidates for degrees wear square caps (called mortarboards) adorned with tassels that reflect the schools from which they are graduating. These tassel colors, which are largely standard across the United States, are:

Art and Design—Brown  
Business—Drab  
Dentistry—Lilac  
Education—Light Blue  
Engineering—Orange  
Health and Human Sciences—Sage Green  
Informatics, Computing, and Engineering—Copper  
Law—Royal Purple  
Liberal Arts—White  
Medicine—Kelly Green  
Nursing—Apricot  
Philanthropy—Nile Green  
Public and Environmental Affairs—Peacock Blue  
Public Health—Salmon  
Science—Golden Yellow  
Social Work—Citron  
Technology—Red  
Graduate School—Dark Blue

Doctoral candidates may wear either a mortarboard or a velvet tam, adorned with a tassel reflecting the school from which they are graduating.

### Gowns

The gowns for bachelor's and associate degree recipients have a closed front and open sleeves. The master's gown has extremely long, closed sleeves, from which the arms extend through a slit at the wrist; the end of the sleeve is square, with an arc cut away just above the bottom. The doctoral gown has velvet panels down the front and voluminous bell-shaped sleeves, on which there are three velveteen bars. The velveteen is usually black, but may also reflect the color of the discipline.

### Hoods

Master's and doctoral degree candidates also wear hoods, which are not actually head coverings but stoles, edged in velvet and lined in satin, that flow down the wearer's back. The color of the velvet edging reflects the academic discipline; the satin lining reflects the institution granting the degree. Thus, Indiana University hoods are lined in cream and crimson, and Purdue University hoods in black and gold.

The edging colors most frequently seen are dark blue for philosophy, green for medicine, purple for law, and lilac for dentistry. The colors of honorary doctoral degrees include royal purple for law, white for letters, golden yellow for science, pink for music, and red for technology.

### Honor Cords

Both Indiana University and Purdue University bachelor's degree candidates who have achieved excellence in scholarship are entitled to wear honor cords (fourragères) on the left shoulder.

At Indiana University, the cords are cream and crimson, with combined cream and crimson representing highest distinction, cream representing high distinction, and crimson representing distinction. These awards are made by vote of the various faculties; the cords are provided by the university.

At Purdue University, black and gold cords represent highest distinction, and gold indicates distinction.

Candidates for associate degrees at both institutions wear their cords draped around their necks.

These honors are indicated in this program after the students' names.

#### *Honor Cords for Veterans and Service Members*

Graduating students who have served or are currently serving in the U.S. Armed Forces wear red, white, and blue cords.

#### *Honor Cords for Honor Societies*

Graduates who are members of nearly 60 nationally recognized honor societies may wear their societies' honor cords or medallions during Commencement.

## THE HISTORY OF ACADEMIC ATTIRE

Academic costume has a history of nearly eight centuries. In medieval Europe, many townspeople wore long robes and gowns. The materials and colors varied according to the wealth and rank of the individual and were governed by royal decree. Gradually, there developed distinctive gowns for the various professions, trades, and guilds.

Students in the medieval universities of Paris, Bologna, Oxford, and Cambridge organized themselves into guilds. Their usual garb, a long gown, was necessary for warmth in the unheated buildings. Scholars, who were generally members of church orders, wore these robes and also hoods to protect their shaved heads. Later, skullcaps were worn on the head, and the hood became a cape that could be pulled over the head in unpleasant weather. As additional universities were founded, distinctive forms of the gown and hood were adapted by their faculties for bachelors (apprentices of arts), masters (teachers), and doctors (teachers who had completed

postgraduate studies). The variations appeared mostly in the hood and were regulated by strict rules. Tailors who departed from the authorized design could be punished. When caps and hats came into fashion in the fifteenth century, the hoods became ornamental, draped over the shoulders and down the back.

The academic hat was adapted from the headdress of the ordinary people. It was first worn as a symbol of the master's degree and existed in various forms. Some caps were stiff, some soft, some square, some round with a tuft in the center. The tassel of today is an elaboration of the tuft. The mortarboard style comes to us from Oxford.

When academic costume came to America in 1754, styles were quite varied. In Europe, they still are, but in the United States, standardized rules for academic regalia were enacted in 1895 with the passage of the Intercollegiate Code (updated in 1932 and 1959). The code, created by an intercollegiate commission, prescribed the cut and style and materials of the gowns, as well as determined the colors that were to represent the different fields of learning.

## #IUPUIGrad23

## STUDENT COMMENCEMENT SPEAKER, GRADUATE CEREMONY

### MIKYAILA MARIE JARAMILLO

Mikyaila Marie Jaramillo, known to many as Mikki, is from Bremerton, Washington. She is graduating from the Indiana University School of Dentistry (IUSD) with a Doctor of Dental Surgery degree.

At IUSD, she has held numerous leadership positions, including chair of the Student Outreach Clinic, president of the American Association of Women Dentists, and chair of the Student Curriculum and Assessment Committee. She has also been involved in research in the laboratory of Professor Mythily Srinivasan, focusing on salivary biomarkers and oral manifestations of COVID-19. Through her research, Jaramillo has been honored at the Hinman Student Research Symposium for “Most Outstanding

Clinical Presentation,” at IUSD for the Student Competition for Advancing Dental Research and Its Applications Award, and the Dean's Award in Research Excellence, and by the American Association for Dental, Oral, and Craniofacial Research with a Student Research Fellowship award.

Jaramillo has also been recognized at IUPUI as a recipient of an Elite 50 award and of the Women's History Month Recognition Award. Before attending IUSD, she earned a Bachelor of Science in Chemical Engineering from the University of Notre Dame in 2017 and worked in healthcare software.

Following graduation, Jaramillo will be working at the Chicago Family Health Center, serving under-resourced communities. She is very grateful for all the support and encouragement that she has received from the IUSD community, her family, and her fiancée.

## STUDENT COMMENCEMENT SPEAKER, UNDERGRADUATE CEREMONY

### MYRA ELIZABETH KIVETT

Myra Kivett is graduating with highest distinction with a Bachelor of Arts from the School of Liberal Arts, majoring in communication studies and minoring in music.

Kivett came to IUPUI in 2020 as a Bepko Scholar. This scholarship afforded opportunities to volunteer in the community and excel educationally. She has worked in the Department of Athletics as a photographer and can be found at most sporting events. Kivett has been involved in the Honors Peer Mentor Program both as a mentor and a mentee and in the Delta Zeta Sorority, the Christian Student Fellowship, the ALD|PES and Lambda Pi Eta honor societies, TEDxIUPUI, and Music Club.

In 2022 she studied in London and will be studying intercultural communication in Poland this summer as a master's student in IUPUI's Applied Communication Program.

She holds a certificate in music industry essentials from New York University (2020) and a certificate in general music studies from the Berklee College of Music (2021). She is a singer-songwriter and hopes to pursue music or entertainment as a full-time profession.

Born to a musical family, she is inspired by her father, who was a singer-songwriter in the 1990s, and her great-grandfathers, one of whom led a polka band for nearly 30 years. Her other great-grandfather played saxophone for Benny Goodman in the 1930s. She has a catalog of more than 275 songs and released her debut EP on April 21. Her music is featured online at myramusic.co.

## GRADUATE AND UNDERGRADUATE DEGREE RECIPIENTS

This Commencement program should be regarded as a preliminary document, pending confirmation of all degrees. It includes graduates whose degrees were conferred and honors awarded from September through December 2022, and candidates for degrees and honors from January through August 2023. Degrees and honors will be conferred after the completion of all requirements is verified.

Students who receive their degrees through the IUPUI Honors College are indicated with an asterisk (\*) to the right of their names. The criteria for this distinction are 24 credit hours in Honors work with at least a 3.3 grade point average and a minimum overall grade point average of 3.3.
